Re

Reconstruction of Masonry Weir to the Sea Face of Breakwater at Point in the Manjanabad Talook

---

From

The Deputy Commissioner, Kanara District

No. 2365/8 Dated 3rd December 1897

An Estimate for Rs 1,14,231/- for the reconstruction of the Point Breakwater was sanctioned in Govt Pro Letter No 2036 Dated 26th March 1896 and the reconstruction work was executed in December 1899

The Deputy Commissioner submitted an Estimate for Rs 5,000 for converting the recently reconstructed Breakwater into double wall with earthen filling in masonry during next year and Sanction was accordingly accorded thereto.

Dated 16th May 1902 In the year 1900, the Government observed that as the Breakwater could not

afford to spend such a big sum for the thatch year by year from its funds the Deputy Commissioner was requested to report if it was a recurring charge and if so, to curtail expenditure on this account as much as possible and sanctioned an estimate for Rs 63/- therefor. In 1905, the Deputy Comr reported that as the Chattram was situated in the heart of Malnad where on account of the prevalence of the South West monsoon for more than 6 months, the walls of the building facing towards the west had to be protected by the construction of monsoon thatch every year and that the cost of it would be Rs 25/- and Accordingly, the Government were pleased to sanction an expenditure of Rs 25/- per annum tentatively for 2 years Rs 116-7-2/10 7 05

The Deputy Comr now reports that the sanctioned period of 2 years has expired and that the thatches are an absolute necessity in the Malnad where every building has to be protected from the heavy rains and requests that sanction may be accorded to incur the expenditure every year
